PROFESSIONAL SUMMARY

Dynamic and detail-oriented Front-End Developer with 3 years of experience building highly responsive, user-centric web applications. Proficient in JavaScript (ES6+), and Modern CSS. Proven track record of collaborating with cross-functional teams to deliver scalable code and seamless UI/UX experiences. Passionate about Website development, performance optimization, and clean architecture.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+).
Frameworks/Libraries: React.js, Next.js, Tailwind CSS, Bootstrap.
Tools & Platforms: Git/GitHub, Firebase, Vercel, Netlify, Vite.
Design & Web3: Figma (Pixel-perfect implementation), Web3.js/Ethers.js (Foundational).
Core CS: Data Structures, Algorithms, Operating Systems, Automata Theory.

PROFESSIONAL EXPERIENCE

Front-End Developer | TECHVOTO [January, 2025] – Present
Developed and maintained 3 + responsive web applications using React and Tailwind CSS, improving mobile traffic by 60%.
Collaborated with UI/UX designers to translate Figma wireframes into high-quality, reusable code components.
Optimized application performance, reducing initial load times by 80% through code-splitting and lazy loading.
Integrated RESTful APIs to ensure dynamic data flow and real-time user updates.
Web Development Coach / Tech Mentor | HAMZYN TECH [March, 2024] – [April, 2025]
Mentored 2 aspiring developers in mastering front-end fundamentals and modern frameworks.
Curated technical curriculum focusing on responsive design, version control (Git), and best practices in clean coding.

KEY PROJECTS

- Ecoloop Africa | [https://ecoloop-africa.vercel.app]

Built a decentralized-inspired dashboard using Next.js and TypeScript.
Implemented state management using Redux to handle complex user data across

multiple views.
Deployed via Vercel with continuous integration (CI/CD) pipelines.

- Created a high-performance storefront featuring advanced filtering, a shopping cart, and mock payment integration.

Styled with Styled Components for a unique, branded aesthetic.

EDUCATION

B.Sc. Computer Science University of Ilorin| [2027]

Relevant Coursework: Software Engineering, Operating Systems, Database Management, Web Technologies.
